TO GROCERS AND HOUSEKEEPERS

It is without a doubt the most BEAUTIFUL and the most NUTRITIOUS Flour in the world. The Millers have not only the most perfect mill, containing as it does all the most improved Machinery invented up to the present time, but they produce Flour UNSURPASSED by any mill in the world. To prove that, we would simply state that a large quantity of this magnificent Flour is shipped annually to Europe and eaten at the principal courts of the old world.

Like everything else that has sained renown, some person or persons are trying to take advantage of the reputation it has attained by imitating the Name and Brand, and attempting thereby to palm off an inferior article for the genuine.

THEREFORE. Be sure and see to it that either sacks or barrels read "CERES."

And have the imprint of TWO GOLD MEDALS attached. None genuine without the two gold medals

PREPARATORY TO ENLANGING.

Within a few weeks we shall lose, owing to the taking down of west wall, a great deal of the counter and shelf-room we now have. As we have not had since the opening of the store half room enough, it does not require much calculation to show that our stock must be reduced to less than half its present size, therefore sweeping reductions will be made throughout the entire stock, thus offering purchasers such an opportunity as we think never before occurred, inasmuch as our stock is not the accumulation of years, but is entirely new and fresh.
